

Life Group Discussion Material – Sunday, October 10th Message

Luke 4:16-30

Jesus and Prophecy

1. Before this message, did you ever think of Jesus when the topic of prophecy came up? If so, in what ways?
2. Read Luke 4:16-21. What was so significant about Jesus reading from the prophet Isaiah? In what ways do you recall Jesus fulfilling these things throughout His ministry?
3. Take time to read Isaiah 53 as a group. Count how many things that Isaiah mentions that Jesus fulfilled. Use your memory or reference notes in your Bible to see how many you come up with together.
4. Contemplate the reality that the OT has around 351 prophetic mentions of Jesus Christ. Discuss this with the group.
5. In Luke 24, Jesus points believers to the Old Testament in verses 27 and 44-48. Does this carry any significance for us today? Why or why not?
6. Read Hebrews 1:1. How much of an impact does this make on the truth that Jesus, given His status based on Hebrews 1:1, referred to OT prophets often?
7. How many times did Jesus predict his own death?
8. Pastor mentioned that Jesus pointed believers to future events. Knowing this, and that future messages will look at these events, what are your initial thoughts as we prepare to examine these things? Basically, what is your current view / mindset about future prophetic events?
